

CHEM 
SPACE

FREEDOM SPACE

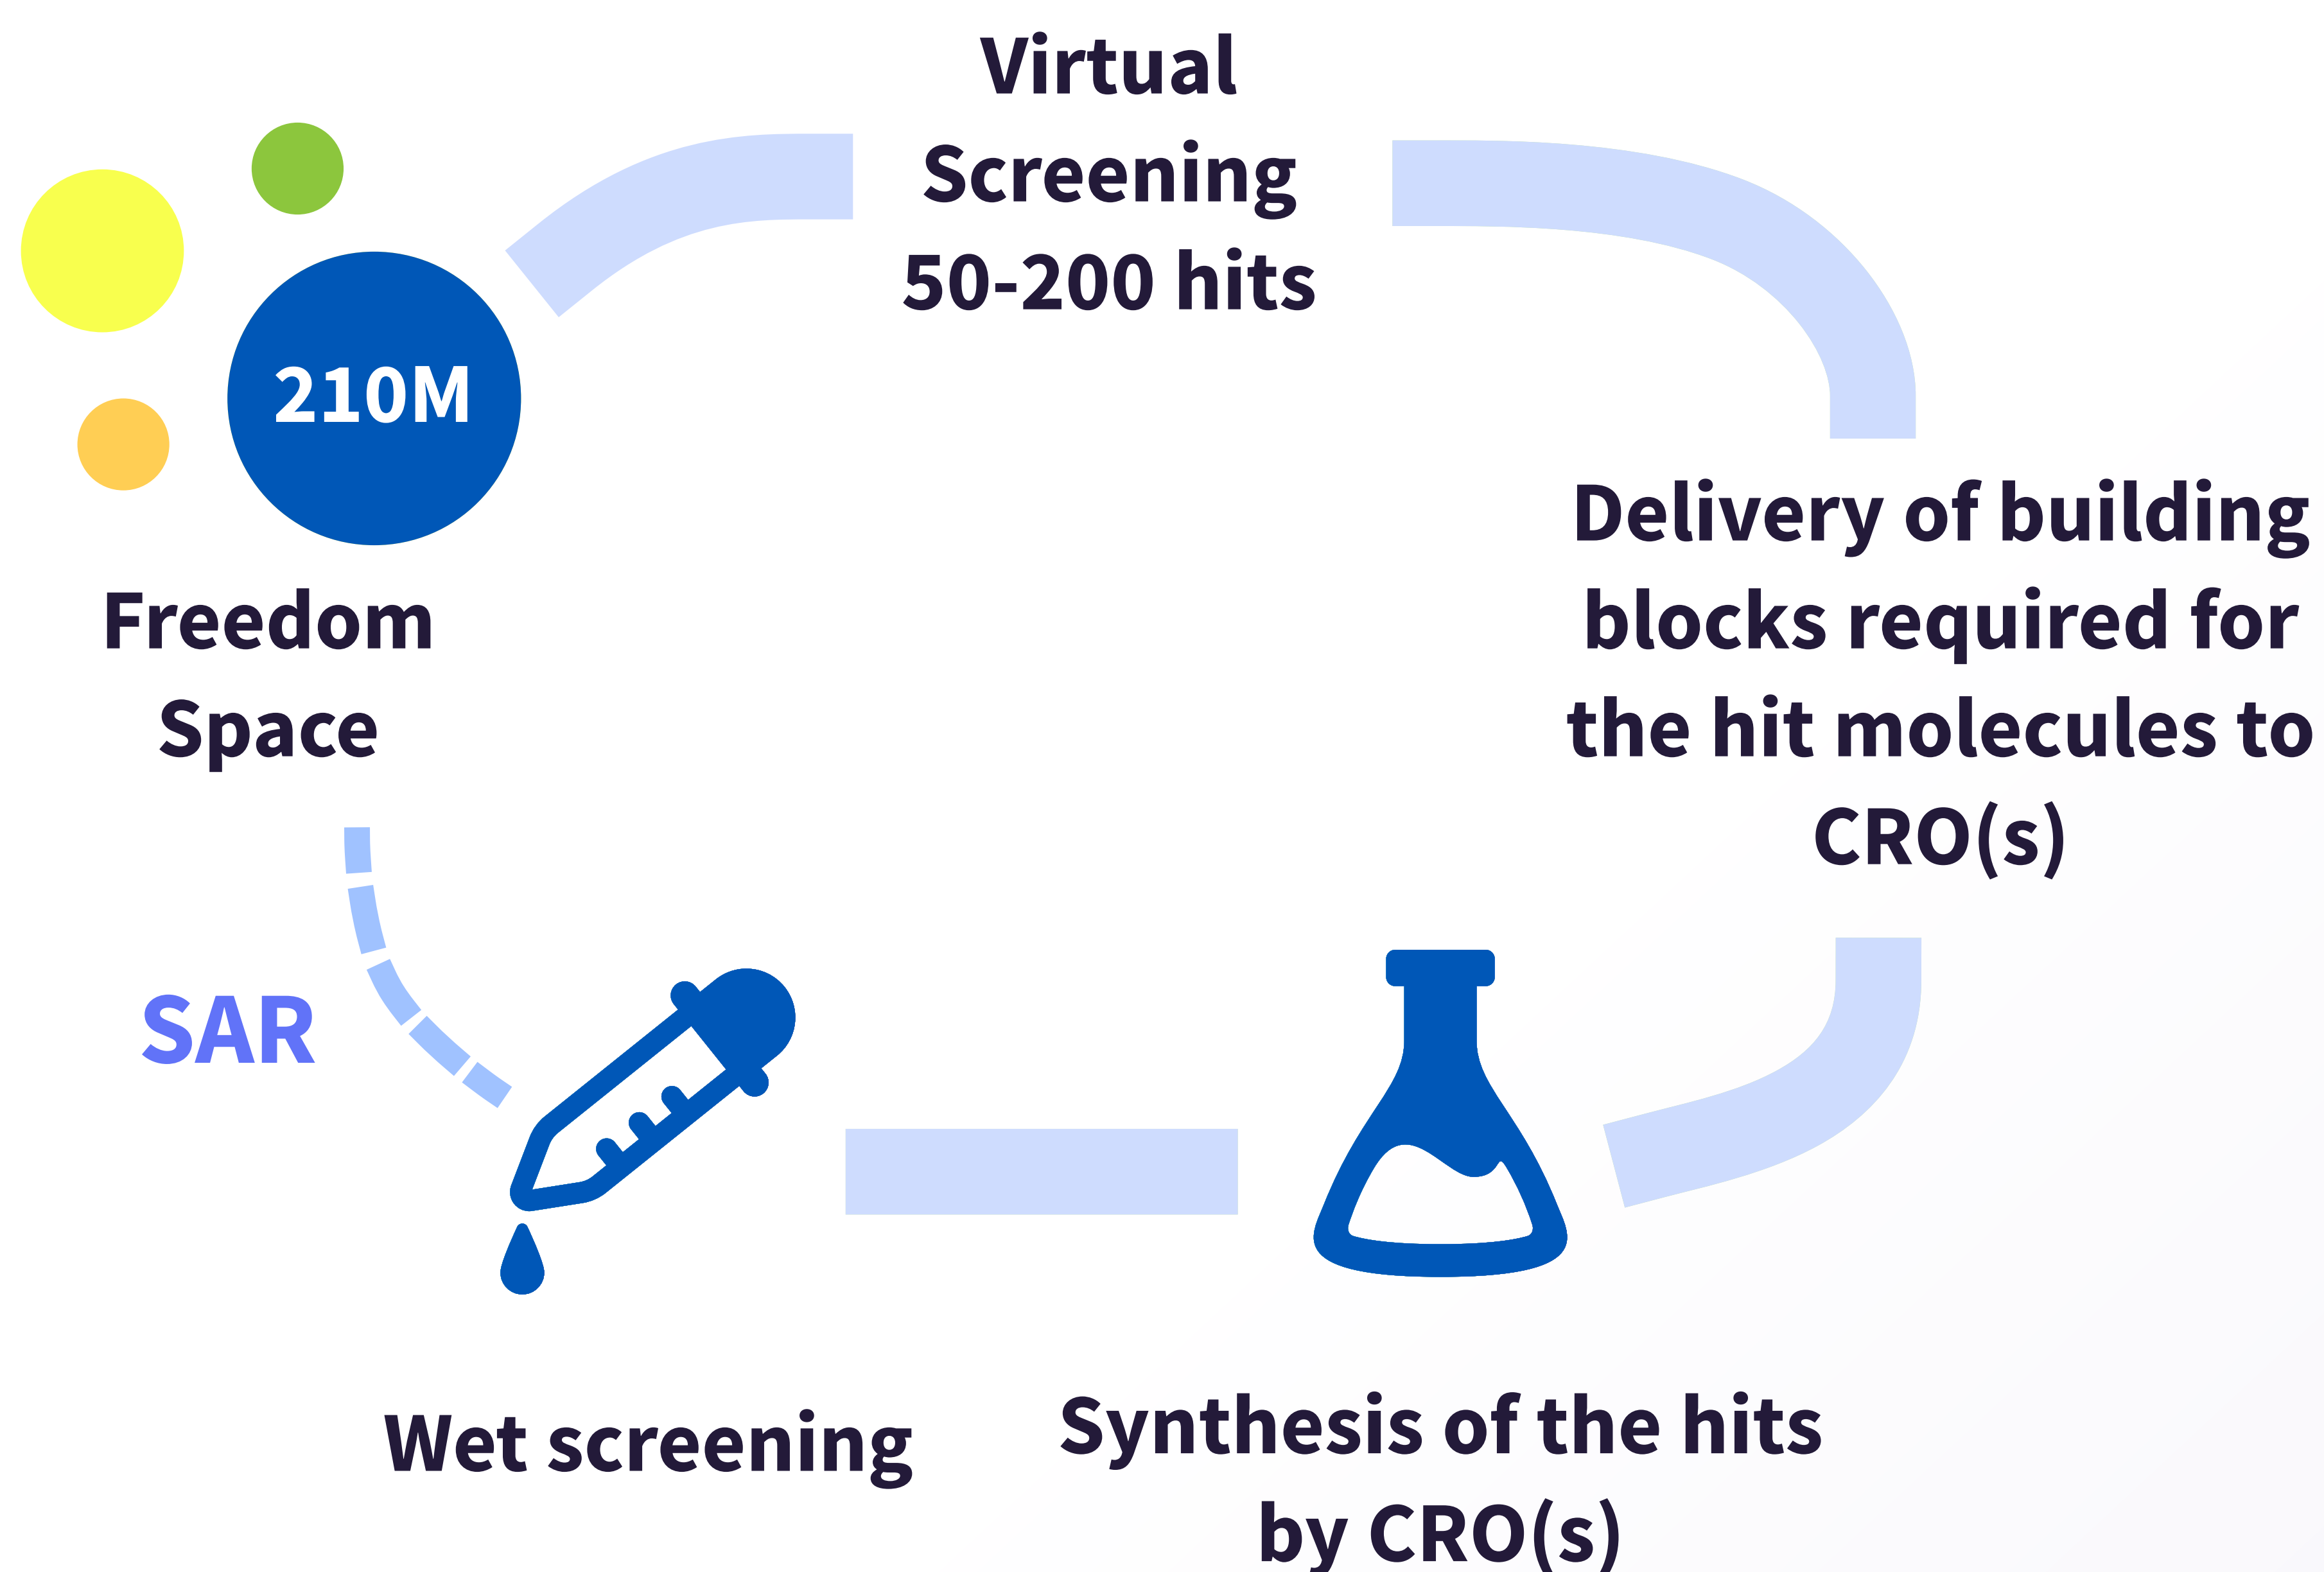

Freedom to explore.

CHINA

FREEDOM SPACE

210M molecules (74% comply with Ro5), valuable addition to
Enamine REAL database (<5% overlap)
Synthesis on demand, 3-4 weeks. Fixed price

WORKFLOW

Advantages:

- Hit discovery in 8 weeks
- Well-established workflow with assistance at all stages
- Unique chemical space
- High synthesis success rate, competitive pricing
- Analogs and custom chemical spaces around hit molecules
